

Going Deeper

Your weekly guide to understanding God with others

Follow - Week 4

Heather Packett

Introduction

Jesus models for us how we should grow and develop our relationship with God. He shows us we are to make time for deep conversation with God, helping us to see things through His eyes and build our trust in Him.

Bible Passage

Mark 1:35, Hebrews 5:7, Matthew 26:36-42

Discussion

1. We each have a preferred method of communicating with others and this can affect how we communicate with God. How do you share with God? How do you hear God?
2. How does Jesus make time for God? In what order does Jesus prioritise time with God, time with disciples and time for ministering to others?
3. Consider Hebrews 5:7 and Matthew 26. What does reverent submission look like for Jesus? How is this different to your thoughts on submission?

Respond

What sacrifice would it take for you to make time for deep conversation with God this week? Are there things you could rearrange? Perhaps, like Jesus, it may mean getting up earlier in the morning. Discuss what it would look like and make a plan to start, in a small way, to have intentional time with God this week.
