

Life Groups – Resource Sheet 1

Thinking about hosting a Life Group?

Bible

“They devoted themselves to the apostles’ teaching and to fellowship, to the breaking of bread and to prayer.”

- Acts 2:42

Details

Hosting a Life Group is the first step as a leader in the Care & Community Life Team. Life Groups are where it all happens: a sense of community and belonging, being discipled and discipling others, finding a way to be and bring the Good News to those in your community.

When it comes to hosting a LifeGroup, there are four things you should consider:

Heart – Do you have the heart to care, share and to love people as they find community and acceptance?

House – Do you know of a place to gather? A lounge room, coffee shop, restaurant, park, or even a train?

Hospitality – Can you put the kettle on and open a pack of biscuits? Simple is best, as we want Life Group to be fun and something everyone looks forward to. Hosting should be something anyone can ‘have a go’ at.

Hands – Do you have a willingness to try - to do what is needed, to move chairs or make some phonecalls?
