

Our Strategic Plan 2021-2025

We see a changing narrative for Christianity in Australia and across the globe.

At Crossway we're passionately committed to participating in God's compelling change story.

 CROSSWAY

Ephesians 3:19-21

And I ask him that with both feet planted firmly on love, you'll be able to take in with all followers of Jesus the extravagant dimensions of Christ's love. Reach out and experience the breadth! Test its length! Plumb the depths! Rise to the heights!

Live full lives, full in the fullness of God.

God can do anything, you know—far more than you could ever imagine or guess or request in your wildest dreams!

He does it not by pushing us around but by working within us, his Spirit deeply and gently within us.

Glory to God in the church!

Glory to God in the Messiah, in Jesus!

Glory down all the generations!

Glory through all millennia! Oh, yes!

Introduction

Australia is in its seventh decade of a public narrative of the decline of Christianity. At Crossway we seek to play our part in changing that narrative to one of the growth of Christianity in our nation. We pray, strategise and act towards a change in this narrative that will cause the media to ask, “What is happening to Christianity in Australia? It is growing again!”

Our vision is to see our city, nation and the nations become disciples of Jesus. This causes us to think beyond our own walls and even our own neighbourhood. Crossway exercises an influence across the city, nation and nations on multiple fronts. As of September 2021, BDC engaged in the two year process with 110 churches from 12 denominations, and a further 36 through Empowered Faith Communities (which is BDC amongst people who are doing life tough). By the end of 2021 we anticipate we will have engaged with a combined total of 170 churches. In addition we have 145 churches in the COACH programme meaning we will be working with approximately 2.9% of Australia's churches, and the conversation has begun very positively with the Catholic Church. Initiatives birthed out of Crossway like Praxeis, ARK and 3D Arts are examples of ministries beyond Crossway that have a broader impact.

The journey into the new COVID normal will likely be more challenging than the exit from the pre-COVID norm. One doesn't need to be a prophet to realise that Crossway will be a decentralised church through 2021. This could well shape the future expansion of Crossway, with satellites and campuses making a significant contribution to the growth of the ministry towards 2025.

This Strategic Plan lays the foundation for the expansion of the ministry initiative that emanates from Crossway. The emphasis on expansion, influence, leadership and transformation demonstrates our commitment to communities well beyond our own, while strengthening the very core that underpins them.

We believe God for great things and in our globally changed COVID world we seek to step forward with faith and courage. To God be the glory!

Our Story

An Historical Snapshot

Crossway Baptist Church's story began in 1949 when a thriving Sunday School was established in Blackburn, then a suburb that was mostly made up of bush, apple and pear orchards. In August 1952 a group of adults met for a worship service in the then Blackburn South Primary School. By 1954 Blackburn Baptist Church was formally established.

In 1957 the Church called its first full-time Pastor and in 1962 the church established a new worship and ministry centre in Holland Road, Blackburn South. The church continued to experience growth, particularly with young families in this new suburb. In the 1980s the Church commenced ministries for people doing it tough in the local area, something that has become part of our missional DNA.

Stuart Robinson, having worked cross-culturally in South Asia for 14 years, became Senior Pastor in 1983, serving for 25 years and overseeing a very significant period of church growth and innovative ministry developments. In 1989 the church commenced an Asian ministry fellowship and today Crossway has a rich multi-cultural worshipping community, including an Asian Language Campus with Cantonese, Mandarin, Indonesian and Korean congregations.

To facilitate continuous growth it was decided in 1990 to relocate to our existing Burwood East site. Over the years a total of 16 acres of land was purchased and a number of building expansion projects have been undertaken.

Our Story

Continued

In 2008 Dale Stephenson became Crossway's Senior Pastor and over the past 13 years the church has continued to experience significant year on year growth, with a strong focus placed on missional outcomes.

In 2012 Crossway LifeCare began operation as an extension of Crossway's counselling service and in 2015, Crossway Baptist Church formalised an 80% stake in COACH Community Mentoring, which has expanded across Australia and the UK.

A South East campus was planted at Berwick in February 2016. Over the past decade Crossway has also seen tremendous growth in its online presence and engagement with people

across the world.

The first Building a Discipling Culture (BDC) conferences were rolled out nationally in May 2019, representing a milestone in Crossway's long term commitment to equip Australian churches to make disciples who make disciples.

In 2020, like other faith communities across Australia and the globe, Crossway has needed to adapt to the COVID pandemic. This has been a time of great challenge and yet opportunity and also a powerful reminder of the goodness and faithfulness of our God who leads us forward as a faith community.

A man in a dark suit is seen from behind, standing in a church or worship space. His right hand is raised in a gesture of praise or prayer. The background is dimly lit, featuring a band with a guitarist and a keyboardist. Warm, glowing string lights are strung across the ceiling, creating a soft, atmospheric glow. The overall mood is one of spiritual devotion and communal worship.
